## PRESIDENT TO STAY IN SICKBED "FOR AN EXTENDED PERIOD"

**HOPE FOR EARLY REGAINING OF NORMAL HEALTH AND FULL RESUMPTION OF DUTIES SWIFT AWAY—OFFICIALS DISCUSS EXPEDIENT TO BE ADOPTED SHOULD PUBLIC AFFAIRS DEMAND EXECUTIVE ATTENTION.**

Washington, Oct. 11.—Hope that President Wilson soon might regain his normal health and resume fully the duties of his office was swept away today by his physicians, who announced that it would be impossible for him to leave his bed "for an extended period."

The announcement, made after a consultation between Rear Admiral Grayson and the three attending physicians, said there had been no improvement of the president's slow improvement, but emphasized that he still had a long road to travel before complete recovery.

The physicians' announcement brought home to officials the possible effect of the president's illness on public affairs and renewed discussion as to what expedient might be adopted, should the press of executive business reach a point demanding more attention than he could give it.

The constitution provides that, in case of the president's disability, the vice-president shall act as chief executive, but there is no precedent for such a transfer of authority.

The physicians' announcement was not taken to mean that Mr. Wilson would be prohibited from sitting up in bed and it was considered entirely possible that he might be permitted to sign a few important bills and orders each day, as his recovery continued. That will be a matter to be decided later, and the discussion of officials seems to be to let any question of his disability solve itself as specific cases arise.

Besides Mr. Grayson, the physicians who took part in the consultation were Dr. F. X. Doremus of Philadelphia, an expert on nervous disorders, Rear Admiral Stitt, head of the naval hospital, and Dr. Sterling Ruffin of Washington.

At 9:45 the following bulletin was issued at the White House:

"The president has had a comfortable day."

(Signed) "G. GRAYSON."

It was said at the White House that Dr. Doremus had approved the treatment prescribed for the president by Dr. Grayson, and was well satisfied with the results attained.

Dr. Grayson also is satisfied with the president's condition, and is taking every precaution against a possible relapse. It was explained that in nervous attacks it is not uncommon for slight attacks to occur even during convalescence.

## MAD HATTER CAPTURES \$50,000 LATONIA RACE IN MUD BY 8 LENGTHS

Latonia, Ky., Oct. 11.—Mad Hatter, owned by C. C. Hildner and ridden by Jockey L. O. Fator, won the \$50,000 Latonia championship stake at a mile and three-quarters here today by eight lengths, on a track that was a sea of mud. Sway, piloted by Jockey C. Van Dusen, finished second, one and one-half lengths ahead of Stockwell, who ran third. The time was 3:06, which was rather slow for the distance, but this was due to the miserable track conditions.

Seven horses started, each carrying 122 pounds. The value to the winner is \$44,090.

Mad Hatter, the eastern representative in the race, took the lead when the horses passed the mile and a half post, and was in no danger of losing his advantage thereafter.

At the three-quarters mile post, John O. and Chasseur were fifth and sixth, respectively, by a half length. Chasseur second by a half length. They were followed by Mad Hatter, Stockwell, Linden and Sway in the order named. At the mile and a half John O. was still leading by a length. Sway was second by a head and Mad Hatter third by a half length, with War Spirit, Stockwell, Linden and Chasseur bringing up the rear.

At the finish line War Spirit was 15 lengths behind Stockwell with Linden, John O. and Chasseur finishing in that order.

Mad Hatter paid \$5.50 to win, \$3.70 to place and \$2.20 to show. The betting on Sway was \$6.50 to place, and \$3.50 to show, and than on Stockwell \$3 to show.

**Mohammedans Make Wilson "Prophet."**

New York, Oct. 11.—President Wilson has been proclaimed a "prophet" by Mohammedans in Egypt, according to information received here today by the Inter-church movement from Mark S. Koy, who has been a missionary to the United Presbyterian church in Alexandria province.

**Weather Forecast**

Oklahoma, Sunday fair, warmer, except in northwest portion; Monday fair.

East Texas, Sunday fair, warmer in north portion; Monday fair.

West Texas, Sunday and Monday fair.

**Local Temperature.**  
Maximum Friday, 62 degrees.  
Minimum Friday night, 44 degrees.

**Rainfall.**  
Precipitation for past week, 2.34 inches.

## NORRIS OF NEBRASKA WEEPS FOR SHANTUNG AMONG EMPTY SEATS

**BRANDEGEE OF CONNECTICUT DENOUNCES STATE DEPARTMENT FOR WITHHOLDING REPORT ON JAPANESE TRANSPORTATION—ALSO INTRODUCES RESOLUTION TO TREATY GIVING PORTO RICO SEAT IN LEAGUE OF NATIONS.**

Washington, Oct. 11.—Award of Shantung province to Japan came in for further denunciation in the senate today. Senator Norris, republican, Nebraska, declaring that in "the full knowledge of all the disaffected forces, believers in the religion of Jesus Christ would suffer death before giving approval to a treaty that countenanced it."

Senator Norris was continuing a speech begun Friday and frequently there was not a democratic senator on the floor, with hardly more than half a dozen members on the republican side. Senator Lodge, who as chairman of the foreign relations committee reported out amendments designed to restore Shantung to China, had expected to add his voice in protest, but his speech went over until Monday.

There were predictions tonight from republican sources that the Shantung question would be disposed of finally next week, clearing the way for a vote on the Johnson amendment, designed to equalize the voting power of the United States and the British empire in the League of Nations. "Considering that similar predictions were made a week ago, many senators said that while they were anxious to expedite consideration of the treaty, they had little hope of early action."

The senate met earlier than usual today, and in the first hour the treaty came in for a sharp attack by Senator Brandegee, republican, Connecticut, who bitterly denounced the state department for withholding certain information of the transportation system of Japan which the department had obtained through one of its agents, and which it is desirable, he continued, that the country should have.

This report, Senator Brandegee declared, "was calculated to tell us how Shantung was constituted and its relations to the great empire which we are asked to dismember." Just as its nature was known, the report was "grabbed by the state department, and put under seal," said Senator Brandegee, who added that the letter from President Wilson refusing to make it public was written the day he returned from the West, a sick man.

A new set of reservations, offered today by Senator Thomas, democrat, Colorado, deals with American representatives in the general labor conference created by the league, one would provide for American control of its delegates and the right to withdraw from the conference in event this country should withdraw from the league. Another would give the United States exclusive jurisdiction over its domestic affairs.

A request for a reservation to the treaty giving Porto Rico a seat in the assembly of the league of nations was presented by Senator Brandegee from Commissioner Davila of Porto Rico. The Porto Rican representative declared Porto Rico was entitled to equal privileges in the league with the British colonies.

**2.75 PER CENT BEER IS DOOMED WHEN ENFORCEMENT LAW BECOMES OPERATIVE**

Washington, Oct. 11.—Anticipating attacks on the constitutionality of the wartime and prohibition amendment enforcement legislation, Attorney-General Palmer will prepare an opinion which will be transmitted to the White House before the bill becomes a law.

The struggle of 2.75 per cent beer to maintain a legal status will come to an end when the prohibition enforcement bill, enactment of which was completed yesterday by congress when the house adopted the conference report, is made law either by the president's signature or automatically should his illness prevent him from signing it within 10 days.

The manufacture or sale of any beverage containing more than one-half of one per cent of alcohol is prohibited under both the wartime and the constitutional enforcement sections of the measure. All provisions of the war time section become effective as soon as the measure becomes law.

There appeared to be some doubt at the White House today whether the measure would come before the president because of the disinclination to let him transact any business. Should Mr. Palmer hold the measure until it is referred to the president for his veto, otherwise it might be permitted to become a law without the executive's signature.

**AGREEMENT REACHED ON TRANS-SIBERIAN RAILWAY**

Tokio, Oct. 11.—What is called a modus vivendi has been reached in Siberia between the Japanese and American expeditionary forces concerning the protection of the trans-Siberian railway. It is learned, and the expectations here, therefore, is that the question, opened as recently reported by the sending of a note from Washington to the Japanese government, will be speedily and satisfactorily concluded.

**McCumber Scores Again**

Washington, Oct. 11.—After Senator King, democrat, Utah, had attacked federal authorities for failure to deport "members of pestiferous and poisonous gangs seeking to destroy this government by force and violence," Senator McCumber, republican, North Dakota, declared in the senate that "if these people had been deported the foreign relations committee would have been deprived of some of its star witnesses."

## MEN AND WOMEN REPRESENTING CAPITAL, LABOR AND PUBLIC ARE SNAPPED AT INDUSTRIAL CONFERENCE IN WASHINGTON

Above, left to right: Harry A. Wheeler, T. C. Atkinson, Thomas L. Chadbourne, William G. Lee, Edwin F. Green, Bernard Baruch, John D. Rockefeller, Jr., Matthew Wolf and W. D. Mahon. Below: Ida M. Tarbell and Miss Lillian Wald.

The men and women shown in the accompanying photographs, which have just been received from Washington, are counted among the leading representatives of capital, labor and the public at the

great industrial conference in Washington. Representatives of the public in these groups are Ida M. Tarbell, Miss Lillian Wald, T. C. Atkinson, Thomas L. Chadbourne, Bernard Baruch and John

D. Rockefeller, Jr., Representatives of capital are Edwin F. Green and Harry A. Wheeler. Representatives of labor are William G. Lee, Matthew Wolf and W. D. Mahon.

## BRITISH SHIP REPORTED SUNK WITH 2,000 LIVES LOST; NOT CONFIRMED

Archangel, Oct. 10.—Two thousand lives have been lost in the wreck of an unnamed British ship on the Norwegian coast, according to a wireless dispatch received here from Helsinki.

London, Oct. 11.—Neither the admiralty nor Lloyd's has received any information relative to the wreck of a British ship on the Norwegian coast. At these sources, the report is discredited.

If the loss of life in the wreck reported in the foregoing dispatch is as large as indicated, the disaster will mark a new record in the annals of the sea. It would seem probable the ship which was wrecked was a military transport bringing British soldiers from Archangel, from which port Great Britain has been embarking large numbers of men during the last month.

It is known that troop ships have sailed quite recently from Archangel. The largest recorded loss of life in a marine disaster occurred when the Titanic was sunk after colliding with an iceberg south of New Foundland, on April 14, 1912, the list of deaths showing 1,502 names. The Lusitania sunk by a German submarine May 7, 1915, carried with her more than 1,200 of her passengers and crew. When the Empress of Ireland was sent to the bottom in the Gulf of St. Lawrence on May 29, 1914, the loss of life was 1,927. One thousand died in the Japanese steamer Kikokumaru sunk in Australian waters on Sept. 25, 1912.

**Warm Off the Wire**

Cincinnati, Ohio, Oct. 11.—The 300-mile world series automobile sweepstakes race for \$10,000 at the Cincinnati speedway was postponed today until tomorrow at 2 o'clock, on account of rain.

London, Oct. 10.—Vice-Admiral Sir Rosslyn Wemyss has resigned as first sea lord. It is announced that he will be succeeded by Vice-Admiral Sir David Beatty, commander of the grand fleet.

Mexico City, Oct. 11.—Passport difficulties between Mexico and England have been adjusted, according to statements issued by the foreign office.

Berlin, Oct. 11.—Gustav Noske, minister of defense, has suppressed the newspaper Freiheit for three days because of its accusation that "central murder stations" were being maintained in Berlin which were offering assassins big money inducements and employing weak-minded persons for similar purposes.

**Wichita Falls Gets Ball Team**

Waco, Texas, Oct. 11.—Transfer of the Waco baseball franchise to Wichita Falls was practically completed here yesterday by Walter Salm, acting for the purchasers, Ed Mair and J. O. Harvey, of Wichita Falls and G. Harris White, the owners. Papers were placed in the hands of Charles R. Turner, pending actual acceptance by the purchasers and the payment of the money, the amount of which was not announced.

**Pitcher Rath Takes a Bride**

Cincinnati, Ohio, Oct. 11.—Morris Rath, second baseman of the Cincinnati nationals, and Miss Edna Morton of Chicago, were married here today.

## MEXICAN GENERAL SAYS HE WILL CRUSH VILLA FORCE BY END OF YEAR

Juarez, Mexico, Oct. 11.—By January 1, 1920, the Villa movement in Chihuahua will be entirely crushed and his leader will have to be a fugitive in Mexico, said General Manuel Dieguez, Mexican federal commander of military operations in the northern zone, declared today after he had read a statement that a major offensive would be begun by Villa.

"Villa is now at San Bartolomé, Durango, with a force of 80 men, which represents his entire military forces," said General Dieguez, who was here for an inspection tour along the border. "We are now developing a movement by which the enemy will be caught between two units of my forces, one moving south, 2,000 strong, under Gen. Pablo Quiroga, and the other moving north from Durango, 1,500 strong, under Gen. Miguel Leaguer."

"I have waited until today before coming to Juarez with the good news of Villa's impending overthrow, for I do not wish to make promises that I cannot fulfill. I am positive, however, that the end of the year will see Villa a thing of the past."

General Dieguez, who six years ago was a common laborer in a Sonora mine, has jurisdiction over the constitutional army in the states in Chihuahua, Durango, Zacatecas and a part of Coahuila.

Washington, Oct. 11.—A courier arriving in Washington yesterday from Francisco Villa's headquarters in northern Durango brought word that a major offensive would be begun next month with larger forces than Villa has been able to command for the past four years.

Details of the plans of the campaign were made known by the courier's communication, but assurances were brought that there would be no further military operations in the vicinity of the American border for the present.

The courier reported that Villa's forces would be divided into a number of columns which will operate in different directions throughout the central and southern parts of the republic with the object of capturing Mexico City, before attempting operations in the north.

**EXPRESS TRAIN ROBBERS IN TENNESSEE GET PACKAGES OF PISTOLS AND JEWELRY**

Memphis, Tenn., Oct. 11.—An attempt to loot the express car attached to southbound Yazoo and Mississippi Valley train No. 35 as it was leaving the Memphis yards early today brought the would-be robbers little return for their trouble, according to express company officials, due to the alertness of a yard switchman who, when he saw five men board the train as it was passing through the yards, notified a junction point on the outskirts of the city, where the train was stopped and the men leaped to the ground with two freight packages.

One of the packages is said to have contained jewelry, but it is not believed to have been of great value. The other was a shipment of pistols. No money was shipped on the train, it was stated at the headquarters of the express company here.

When the train was stopped the express messenger was found lying on the floor of the car bound. Posses were organized quickly and started in pursuit of the bandits.

The robbery was planned carefully as indicated by the finding of a red stop sign on the track a few miles further south, evidently placed by men to stop the train in order that they might escape after robbing the

## PRIEST TELLS SENATE OFFICERS ARE BRUTAL TO STRIKE FAMILIES

Pittsburg, Pa., Oct. 11.—Representatives of steel workers on strike in Pittsburg and environs told the senate investigating committee which began sessions here today that rights to free assembly and free speech were denied their people. Alleged brutality by special law officers and state police was charged by William Feeney, union organizer, and the Rev. Father A. Kammer, who told the committee specific incidents which they said proved their assertion.

Chairman Kenyon and other members of the committee objected to the testimony because the men had not been eye-witnesses to incidents of which they complained, but W. B. Rubin, attorney for the general strike committee, promised to substitute their stories with evidence. Chairman Kenyon announced the committee would take the testimony here tomorrow and return to Washington Monday.

Feeney, who said he was in charge of the strike in the Clairton-Monessen district, said the "bureaucracy of Monessen" were in all the "riff-raff" of the town all afternoon.

"These men, both black and white, were drilled, given guns and badges and turned loose," he said.

"In Monessen, they are clubbing our men all day long and at night," he said. "Beating them because they don't move fast enough. They're even beating women."

"The senators not interested in the last statement and Feeney described one incident in which he said, state troopers chased a woman into a house and clubbed her."

"She didn't move fast enough," Feeney said. "That's all."

"We have evidence of men being told they would be hanged if they didn't go back to work," declared Feeney.

Senator McKellar asked for the names of persons subjected to this treatment and Attorney Rubin said he was prepared to corroborate Feeney's assertions by witnesses.

The Rev. Father A. Kammer, of St. Michael's Church, Bradock, Pa., said on Sunday, Sept. 21, two state troopers attacked men as they were leaving the church. He protested, but the troopers said they were doing their duty in breaking up all gatherings. On the following day, Father Kammer said the state police deliberately "jumped their horses into a group of children on the school grounds." Father Kammer was requested to bring one of the sisters as a witness.

**AUTOMOBILE BANDITS IN THREE CITIES COMMIT ROBBERIES AND ESCAPE**

Philadelphia, Oct. 11.—Three motor bandits dashed up to a jewelry store in the heart of the business section of the city during the noon hour today, seized \$15,000 worth of diamonds and watches, and escaped.

Cleveland, Ohio, Oct. 11.—Six robbers this morning held up the paymaster of the Samuel Emerson Company, in the lobby of a Euclid Avenue building and, after throwing pepper into his face, escaped in an automobile with \$11,000 which the paymaster carried in a money bag.

Toledo, Ohio, Oct. 11.—Bandits in an automobile escaped with \$3,000 here today after holding up two men carrying the Pinkerton Tobacco Company payroll and shooting an employee, George Hillman. He received four shot wounds

## KANSAS CITY EDITOR WILL DEFEND LEAGUE IN CONVENTION HALL

**DR. BURRIS JENKINS, DISTINGUISHED JOURNALIST, CLERGYMAN, LECTURER AND AUTHOR, WILL SPEAK IN ARDMORE NEXT THURSDAY UNDER AUSPICES OF DEMOCRATIC STATE CENTRAL COMMITTEE.**

Arrangements were completed yesterday for Dr. Burris Jenkins of Kansas City to deliver an address in advocacy of the League of Nations at Convention Hall in this city next Thursday evening, Oct. 16, beginning at 8 o'clock.

Dr. Jenkins, who will come to Ardmore under the auspices of the democratic central committee, is editor and publisher of the Kansas City Post, the only democratic daily newspaper in Kansas City. He has been from the outset a staunch supporter of the treaty and league of nations covenant, both in his newspaper and upon the platform.

As a local committee of arrangements for the meeting, Chairman Ben Lafayette of the state committee has named John P. Easley, S. A. Apple, J. Robert Gilliam and Ernest Dunlap. Admission to the hall will be free, and the committee desires through The Ardmoreite to extend an earnest invitation to men and women of all political parties or views. There will be music suitable to the occasion.

It is said that Dr. Jenkins has been urged by prominent Missouri democrats to become a candidate for the United States senate against Senator Reed at the election in 1922. Dr. Jenkins has not yielded to this invitation, having been quoted as saying that, as editor of the Kansas City Post, he feels that he has a bigger job than that of being a United States senator. There are many Missourians, however, according to reports reaching Ardmore, who believe that Dr. Jenkins will become an important factor in the senatorial race.

Burrus Jenkins is a native of Kansas City. For some years he was president of Transylvania University at Lexington, Ky. He is a graduate of Harvard, among other institutions. For many years he has been pastor of the Lincoln Avenue Christian church in Kansas City. He is known as one of the most remarkable pulpits orators in the United States, filling his church with people of all creeds and of none who crowd its aisles to hear his sermons. Though he does his city's work every day as editor of the Kansas City Post, he still delivers two sermons each Sunday at his church. An assistant pastor relieved him of much of the routine pastoral work so that he may devote his week days to his newspaper.

Dr. Jenkins was at the front in France, and on other battle fronts, as a Y. M. C. A. lecturer and worker. He met personally most of the leaders in war and statesmanship in Europe, and wrote a book about the war which had a wide sale and reading. After his return from the battle front he lectured on the war through many states of the Union, talking to large crowds. Those who have heard him speak declare that he is able and eloquent and that his views are expressed with statesmanlike dignity and force.

## TEXAS OIL PROMOTERS CHARGED WITH FRAUD BY TRADE COMMISSION

Washington, Oct. 11.—The Federal Trade Commission today entered formal complaint, charging fraudulent advertising and other unfair practices against S. E. J. Cox, his wife, Mrs. N. E. Cox, both of Houston, Texas; Napoleon Hill of Chicago, employed by Cox as an advertising agent, and the Prudential Trust and Securities Company, the Prudential Oil and Refining Company, and the General Oil Company, all of Houston. They were ordered to file answers with the commission Nov. 25.

The complaint was an outcome of the Texas oil boom. Cox was described in the complaint as president of the Prudential companies and as the prospective president of the General Oil Company, when its organization had been completed.

Specific allegations included the circulation by Cox of reports that he was holding \$1,025,000 in earnings from the General Oil Company "to provide scholarships for worthy and needy boys and returned soldiers."

**"FLYING PARSON" IS SAFE AT FRISCO FAR AHEAD OF ALL RIVALS**

San Francisco, Oct. 11.—First Lieut. Belvin W. Maynard, known as "the flying parson," piloting a de Havilland four-engine airplane, leader of the westbound fliers in the trans-continental air derby, arrived in San Francisco from Mineola, N. Y., at 1:12:07 p. m. today.

It was unofficially estimated that Maynard's actual flying time from Mineola, New York to San Francisco, a distance of 2,701 miles, was 24 hours, 52 minutes, 55 1/2 seconds.

**Crowder Promotion Approved**

Washington, Oct. 11.—The house military committee has approved the senate bill giving Maj. Gen. E. H. Crowder the rank of lieutenant-general on his retirement, in recognition "for conspicuous service in execution of the selective service law."

**J. W. Richardson III**

## ALLIES HAVE MOST SERIOUS PROBLEM SINCE ARMISTICE

**CAPTURE OF RIGA BY GERMAN TROOPS REGARDED SERIOUSLY BY MILITARY EXPERTS AT LONDON—BELIEF IS GERMAN INTEND TO OCCUPY PETROGRAD—PEACE CONFERENCE IS EXPECTED TO FURNISH TROOPS TO RESIST VON DER GOLTZ.**

London, Oct. 11.—It was stated in authoritative quarters here this afternoon that a German-Russian attack on Riga was carried out under cover of a heavy bombardment by German guns, forcing the Letts to evacuate the city.

The reported capture of Riga is regarded most seriously by military experts here. They say that between these German-Russian troops and the city of Petrograd there is no force that would prove effective in stopping an advance upon that city, from which once it was reached, it would be difficult to dislodge them.

It was learned during the afternoon that well-informed circles in London accepted the capture of Riga as a fact. Their belief, it developed, was based upon a private despatch.

The Lettish legation here was without news of the latest developments in Riga. It expressed fear that communications had been interrupted, while company advice received in New York today said that communication with Riga and other Baltic points had been cut. It was stated at the legation that the Estonians were sending out two divisions of troops to aid the Letts against the Germans.

**Germans Occupy Petrograd.**

London, Oct. 11.—The allied powers have the hardest problem before them since the armistice, because of the German-Russian attack on Riga. It is believed the British government will expect the peace conference to furnish troops to resist General von der Goltz and his Russian supporters, but who will furnish the new armies is a serious question. There is certainly no enthusiasm in Great Britain for embarking on more military expeditions.

All Great Britain's new volunteer army has been absorbed in the make-up of forces of occupation in the Near East. United soldiers are still in the service, and their relatives are applying for their return from India, Egypt and Mesopotamia. At the same time more than 60,000 troops are engaged as an army of occupation in Ireland. The withdrawal of the British expedition from Archangel has just been finished under pressure of public feeling.

Latest news received by the government is described as confirming the view that Germany is deliberately scheming to secure a controlling position in Russia, and that she probably contemplates the occupation of Petrograd. There are more than 10,000 German soldiers with headquarters at Mitau. The Baltic states with the exception of Estonia appear to have agreed upon a policy of arranging an armistice with the bolshevik government, but declining peace terms on the ground that the soviet government is too unstable to arrange a permanent peace.

**RICHMOND UNVEILS STATUE OF STONEWALL JACKSON**

Richmond, Va., Oct. 11.—A "Stonewall Jackson" day was celebrated by Virginians today in the former capital of the Confederacy by the unveiling of an equestrian statue of the noted Virginian and Confederate general, Thomas Jonathan (Stonewall) Jackson at Monument Avenue and the boulevard. This was preceded by a parade and the presentation of his sword to the Confederate Memorial Literary Society for perpetual preservation in the Confederate Museum.

**Soldiers Return in U. S. Ships**

Washington, D. C.—Of the two million men returned from France since the armistice, 85 per cent or about 1,700,000 were brought home in American vessels. During the month of August the army returned 151,000 dead-weight tons of shipping to American commerce. Owners and 74,000 tons to the U. S. shipping board. There are now about 519,000 tons of deadweight shipping in the army service, and nearly 400,000 tons are out of service and awaiting re-delivery. In all 2,382,000 tons have been re-delivered to original owners.

**Leading New York Banker Dies**

New York, Oct. 11.—James N. Wallace, president of the Central Union Trust Company of New York, and a leading American financier, died suddenly at his country home here early today from heart disease.

**"FLYING PARSON" WILL RETURN TO PREACHING WHEN HE'S MUSTERED OUT**

Mineola, N. Y., Oct. 11.—Lieut. B. W. Maynard, the "flying parson," westbound leader in the trans-continental air race, will return to the ministry as soon as he is mustered out of the army, his wife said today. She and her two little girls, five and four years old, have been living here since Lieutenant Maynard was assigned to Mitchell Field.

The daring flyer is only 27 years old, having been born in Morgan, N. C., in 1892. He is a Baptist preacher. He has been flying only a year and a half, mostly in France, where he was a test pilot, trying out de Havilland Liberty-motored planes after they had been assembled. After he was noted for the untiring energy he put into his duties and on one occasion tested 22 planes in a single morning.

He holds a "flying" record, having completed 450 consecutive loops in 40 minutes without rest; altitude,
